

## **Program Officer – Command & Control**

**COMPUTER SCIENTIST, MATHEMATICIAN, or ELECTRICAL ENGINEER**  
GS-0850, 1520, or 1550 -13, 14, 15

**Position is located at ONR Headquarters, Arlington, VA**

There will be **two** different job announcements for this **one** vacant position; a Merit Promotion announcement is posted now and a Delegated Examining announcement will follow.

Federal Employees fall under the "Merit Promotion" Hiring Program. There are 16 Common Hiring Categories Definitions which define who is eligible to apply via a Merit Promotion job announcement. These 16 Common Hiring Categories Definitions can be seen at <http://www.donhr.navy.mil/jobs/categorydefinitions.asp>.

If any one of these 16 Categories describes your situation then you are eligible to apply for this position using the Merit Promotion job announcement number [NE6-XXXX-15-4H343699-I](#)

However, if **none** of these definitions describe your situation, and you are a U.S. Citizen you **must** apply for this position via a "Delegated Examining Hiring Program" job announcement. To be considered under this hiring program [Click Here](#) and follow instructions contained in the flyer. Upon receipt of your resume we will add you to our list of interested candidates and notify you when the formal Delegated announcement is posted.
